# *Hello!*

*Hello. My name is Voggy, and it will be my pleasure to accompany you through this glockenspiel tutorial!*

*My simple explanations and lots of funny drawings will show you how to have heaps of fun with your glockenspiel. It's a good idea to ask your parents to go through this book with you because they will be able to help you find the answers to the little quizzes that I have hidden on these pages. With many of the tunes that you will find in this book you will see me holding a CD in my hand, which means that you can play along to this tune found on the accompanying music CD. You'll find a more thorough explanation on page 78.*

*So, off you go! I hope you have lots of fun with this book and a wonderful time with your glockenspiel.*

*Voggy*

# Using the CD

*All the tunes showing me with a CD in my hand can be found on the CD. I'll hold up a sign to let you know which number.*

*To make playing along easy, I've recorded every song in three versions, directly following each other:*

- 1. The whole song. This version is for you to listen to and get a general idea of how it's supposed to sound.*
- 2. In this version the melody is much softer. You can use it as a "guide" to help you play along.*
- 3. This version only features the accompaniment. Here it's up to you alone to play the melody.*
